

<p align="justify">From 29th-30th October, PT. Pandu Selamat Utama employees conducted a trip to Pondok Layung , Anyer for the company's annual family gathering. This year our slogan was "Our Journey Is About Safety" which was the winning entry from an internal competition. Everyone enjoyed the team building games provided by Pondok Layung as well as the banana boat, the ATVs and also the live music in the night time. Even Pandu crew prepared their own games including Gebuk Bantal, Bakiak, Mencari Kelereng dalam air and fustal. And everyone seemed so happy and excited. We hope events like this can strengthen the relationship between employees and between their families so we can build good cooperation in the future and also bring us more intensity in our big happy family.
